GOLF TOURNAMENT SPONSORSHIPS

Sept. 21st 2025 Island Green Golf Club Greenville NY

Local Fire Departments consist of many people volunteering their time in continuous training and preparation for when the tones go off indicating people in the community need help. This continuous training and practice help instill the knowledge and confidence needed when real life situations arise. Your donations and the generous sponsorships will help the department raise money for a memorial for our departed members. This will provide a safe place for reflection and remembrance.
